

Foundation Job Description

Foundation School (Delete as appropriate)	Programme No. (eg. L006 OR T102)*:				
LNR	L019				
Year (Delete as appropriate)	Specialty:	Subspecialty (If appropriate):			
F2	Urology				
Site:	Trust:				
Kettering General Hospital	Kettering General Hospital NHS Trust				
Main duties:					
<p>Part of a team led by 5 urology consultants, foundation doctors are involved with looking after patients either admitted for elective surgery or as emergencies coming through either through A&E or GP referral and then admitted as in-patients</p> <p>Apart from being ward based, FY2 doctors are given the opportunity to attend 3 urology theatre lists, 3 outpatient clinics and 3 diagnostic sessions during their posts when the number of junior doctors in any one-day facilitate this opportunity. This is indicated on the supplied timetable as team.</p> <p>FY2 doctors are also given the opportunity to attend 'taster' sessions during their attachments in specialties where they want to gain experience as potential career options</p> <p>Foundations doctors are expected to attend weekly Oncology MDT meetings to learn about the management of genito-urinary malignancies. These sessions are preceded by x-ray meetings often involving patients currently on the ward and known to the juniors giving them the chance to be involved with their management</p> <p>On a monthly basis the urology department has a clinical governance meeting where topical issues are discussed. Foundation doctors can practice their presentation skills leading the discussions on M&M's. More recently, FY2 doctors have been given the chance to discuss issues relevant to their posts.</p> <p>On a weekly basis FY2 doctors will get teaching on wide ranging medical topics with a further session on urologically related issues.</p> <p>In addition to urology consultants supporting the juniors as clinical and educational supervisors, foundations doctors are supported by 4 urology middle grades, 2 urology nurse specialists, and 2 cancer nurse specialists.</p> <p>The clinical supervisor for this post is Mr R England.</p>
