

Foundation Placement Description

Foundation School (Delete as appropriate)		Programme No. (eg. L006 OR T102)*:			
LNR		AL018.2			
Year (Delete as appropriate)	Specialty:			Subspecialty (If appropriate):	
F1	General Surgery			Renal transplant surgery	
Site:			Trust:		
LGH			UHL		
Main duties:					
<p>The transplant FY1 posts offer experience in the elective surgical management of end stage renal failure patients undergoing transplant or vascular access surgery and provides ample opportunity to gain the competencies necessary to complete FY1. In particular, experience can be gained in fluid balance management and in the management of patients undergoing haemodialysis. In addition, there is the opportunity to gain experience in the management of critically ill transplant patients, both in the emergency and elective setting. The duty rota is shared with general surgical teams and consists of long days and nights on a 1 in 13 basis. When on call, the FY1 will be based on the surgical admissions unit (ward 23) and will be able to gain experience in the management of a wide variety of emergency and acutely ill surgical patients. Electively, FY1s will primarily be involved with the care of transplant in patients but there are many other learning opportunities as outlined in the above timetable and FY1s are encouraged to attend as many of the other clinical activities of the firm as possible. It is expected that the FY1s on this firm will work closely together to help achieve their educational goals. Clinical and educational support for this activity provided by the consultant surgeons and higher surgical specialty trainees.</p>
