2022 Recruitment

Developing people for health and healthcare

Congratulations on being allocated to one of our Foundation Schools in the East Midlands (LNR or Trent)

We are delighted that you will be joining us for your foundation training, and we are confident that you will find a fantastic range of training opportunities here. For further information on our **Foundation Schools**, as well as **Score distribution charts**, please view the brochures in the 'downloads' section at the following link: <https://www.eastmidlandsdeanery.nhs.uk/recruitment/foundation>

Job Descriptions submitted by our Employing Organisations for each school can be found at the following links:

LNR JDs -

https://www.eastmidlandsdeanery.nhs.uk/recruitment/foundation/lnr_job_descriptions_programmes

Trent JDs -

https://www.eastmidlandsdeanery.nhs.uk/recruitment/foundation/trent_job_descriptions_programmes

Programme Information may be helpful to you when ranking programmes. This can be found in the 'documents' section via the links above.

Special Circumstances

Special circumstances pre-allocate you to Foundation School, but not to a programme within LNR or Trent. Therefore, you should rank programmes by the specified deadlines.

Linked Applications

Linked applications allow for you to be in the same Foundation School. The Foundation School will then pre-allocate applicants to programmes that will allow them to be in the same Trust if possible, or at least similar geographical area.

F2 GP Placements

The names of the F2 GP practices on Oriel for GP placements in 2023/2024 are indicative and only to be used to assist you with ranking programmes. They are subject to agreement and therefore, we ask that you please do not contact the GP practices in advance of them being confirmed to you. Our plan is to notify you by the end of your first F1 placement.

Group and Programme Ranking/Allocation Process

LNR and Trent Foundation Schools use a 1-Stage Process for Preferecing (Programme only).

The UKFPO will be undertaking this process on behalf of East Midlands Foundation Schools. For further information on how the Allocation process works please refer to the 'UK Foundation Programme Office Applicants' Handbook' at the following link
<https://foundationprogramme.nhs.uk/>

Failure to rank your programme preferences by the deadline will result in you being randomly allocated to a programme. Late preferences cannot be considered under any circumstances, so please ensure you give yourself sufficient time to complete this.

We advise you to rank all available programmes in order of preference. If you do not rank any or sufficient programmes, then the algorithm will match you randomly.

Are there any hospital sites that are more popular than others?

No - the schools do not hold data about which programmes or training locations are the most popular. Many applicants will take into consideration their geographical base within the region and/or their future career ambitions when ranking the available programmes. Our Foundation School brochures contain a series of trainee testimonials which you may find informative:
