

Anna Raurell
Training Programme Director
Plastic Surgery
Anna.Raurell2@nuh.nhs.uk

I am Anna Raurell Rosique. I am a Plastic Surgery Consultant at Nottingham University Hospitals NHS Trust and the East Midlands Plastic Surgery Training Programme Director. I am passionate about my specialty, teaching trainees and seeing their progression. Plastic Surgery is not only cosmetic surgery! Most of our work is reconstructive, restoring function and appearance after cancer treatment, trauma, or congenital problems. We work in all parts of the body; therefore, we work closely with many other specialties and we carry out many surgical techniques. The rotation in East Midlands (Nottingham, Leicester, and Derby) offers training in all the main subspecialties in Plastic Surgery. Please get in touch if you need further information.
